ByPremise

The Animal Contact screens allows you to find any animals that have come in contact with the animal ID provided over a specified time period.

Enter an animal ID or RFID number and specify if you are searching for an animal ID or RFID. You can narrow down the search by specifying the species, and by specifying if you only want animas that been born and ID'd on FAIR (Sighted = Yes). If you wish to consider RFID or Visual tags that have been allocated to a premise as well, then select 'Sighted = No'. Limit the search window by specifying a specific date, date range, or since FAIR enrollment.

Press the 'By Location' button if you wish to receive a summary sorted by the sites where the animals have been in contact, or press the 'By Animal' button if you wish to receive a summary sorted by animal ID.

NAAB numbers may be entered as an 'Animal ID' with leading zeros in the number feilds removed.
