

Dairy – Ready Let's GO!

Jay Mattison
CEO and Administrator
National Dairy Herd Improvement

September 26 1905

► Dairy

- Newaygo County Cow Testing Association founded in Michigan
- Monthly testing
- Producer funded
- Support from Land Grants and USDA

September 28 2005

► Dairy

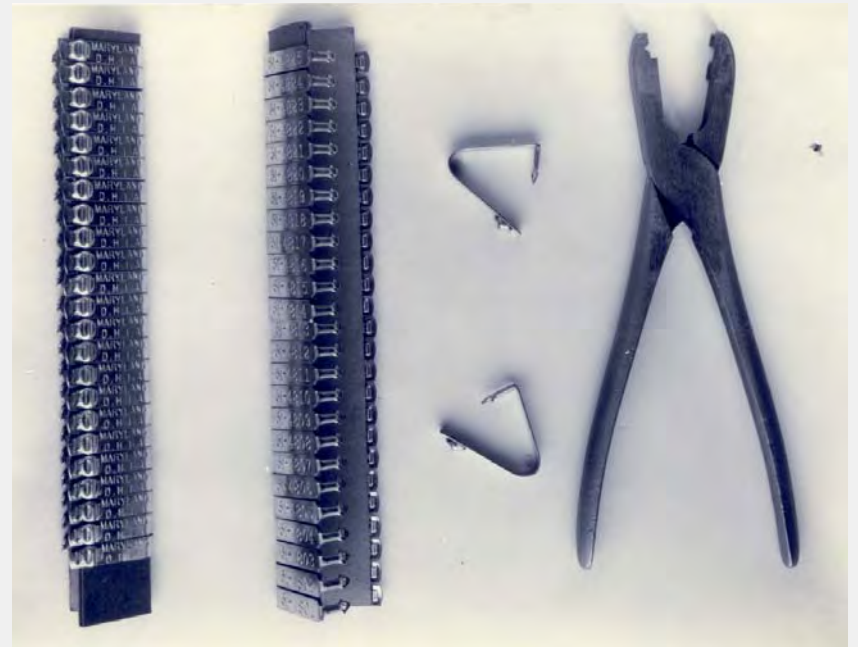

- Monthly milk weights and component sampling on dairy farms
- Highly automated milking parlor systems
- Quality Certification system with audits of service providers, labs, equipment and data processing to ensure standards are met and maintained

Dairy is cooperating to lead the way....

Steps Forward

► Dairy

' Key Points '

- Develop Business Rules or Plans for:
 - Access by animal health officials
 - Resources to insure flow of commerce
 - Confidentiality
 - Quality and Standards developed
 - Cost effective

Let's GO!

▶ NDHIA

'Solution'

*"Look at what is happening in our own
backyard (USA)
then work to make things happen"*

Let's GO!

▶ NDHIA

'Do something now rather than later'

REGISTER PREMISES!

Let's GO!

▶ NDHIA

'Do something now rather than later'

ID device standards
Reader standards

Let's GO!

▶ NDHIA

'Doing something now rather than later'

Consortium of dairy groups will be announcing in the next few days an opportunity to move forward.....

With Premises Registration and AIN ID device deployment.....

Let's GO!

▶ NDHIA

'Do something now rather than later'

Stay tuned for.....
