National Institute for Animal Agriculture Annual Meeting Coverage Now Online *Truffle Media delivers conference proceedings via Web site, podcasts*

INDIANAPOLIS — If you missed the annual conference of the National Institute for Animal Agriculture on April 1-3 in Indianapolis, you can still catch up on all the discussion through Truffle Media Networks podcasts. Audio proceedings of conference seminars and presentations are now available online through NIAA's website and Truffle Media Network's four animal agriculture Web sites: BeefCast®, DairyCast®, PoultryCast® and SwineCast®.

The podcasts provide audio access to NIAA's four Opening General Sessions, U.S. Secretary of Agriculture Ed Schafer's address and Under Secretary Bruce Knight's ID•INFO Workshop keynote presentation. Additional podcasts include various seminars and forums covering disease control, animal welfare, international trade, food safety and security, animal identification and information systems, and other issues.

"The NIAA appreciates Truffle Media's service to bring the latest information to those involved in animal agriculture," NIAA CEO Michele Vise-Brown said.

To access the podcasts, visit BeefCast.com, DairyCast.com, SwineCast.com or PoultryCast.com and click on the Conference Connection links or visit NIAA's website at www.animalagriculture.org. Video of the NIAA conference membership meeting and recognition banquet are also available, as well as photos from throughout the week. Each of the speaker's presentations is available for download as well.

Truffle Media is pleased to have Elanco as a podcast sponsor.

For more information about the NIAA, please visit www.animalagriculture.org or call NIAA at 270-782-9798.

The National Institute for Animal Agriculture (NIAA) mission is to provide forums for building consensus and advancing solutions for animal agriculture and to provide continuing education and communication linkages to animal agriculture professionals. NIAA is dedicated to programs that work towards the eradication of diseases that pose risk to the health of animals, wildlife and humans; promote a safe and wholesome food supply for our nation and abroad; and promote best practices in environmental stewardship, animal health and well-being. NIAA members represent producers, veterinarians, scientists, state and federal officials and business executives.

Truffle Media Networks provides high-quality, turnkey production and distribution of business-focused podcasts. Truffle Media Networks produces BeefCast®, CropVillage™, DairyCast®, PoultryCast® and SwineCast® for the agricultural industry.
